Section I: Official WVDP Documents

- West Valley Demonstration Project Act - October 1, 1980
- Cooperative Agreement Between the U. S. DOE and the NYSERDA on the Western New York Nuclear Service Center at West Valley, New York
- Memorandum of Understanding Between the U. S. DOE and the U. S. Nuclear Regulatory Commission
- U. S. DOE Spent Nuclear Fuel Agreement Between the NYSERDA and the U. S. DOE
- Stipulation of Compromise Settlement (Civil No. 86-1052-C)

Section II: West Valley Demonstration Project Site Environmental Reports - Annual

- 1982-2009 CY -- Site Environmental Reports (CD). Also available on line at:
<http://www.wv.doe.gov/index.html>

Environmental monitoring at the West Valley Demonstration Project is conducted by the West Valley Nuclear Services Company, Inc., under contract to the U. S. Department of Energy. The data provide an historical record of radionuclide and radiation levels from natural and manmade sources in the survey area. The data also document the quality of the groundwater on and around the site and the quality of air and water discharged by the Project.

Section III: WVDP Waste and Site Compiled Characterization Reports for use in Development of the Environmental Impact Statement for WVDP Completion

Summaries of information addressing baseline environmental conditions at the Western New York Nuclear Service Center, to be used in the development of the Environmental Impact Statement for Project completion and site closure, or long-term management.
